

## THE NEWS FROM THE OLD NORTH STATE AND ITS CAPITAL.

OUR RALEIGH  
NEWS LETTERSixty Thousand Dollars in State  
Bonds to Be Issued.

## TO PURCHASE FARMS

**Splenic Fever Continues to Spread**  
Among Cattle of the State—The A. & N. C. R. R. Rolling Stock—Moonshine Distilleries Captured—The Craig Law Again—Striving to Regain Lost Footing.

State Treasurer Worth will at once take the preliminary steps for issuing \$60,000 more of State bonds by advertising the same for the required thirty days, etc.

This action will be taken in response to an official request made to the Treasurer yesterday by the members of the Executive Board—Messrs. Travis, Osborn and Newland, of the State Prison directorate—in pursuance of the act passed by the present Legislature, at its last session, providing for the issuing of certain bonds in order to effect the purchase of certain farms at present operated by the State Prison authorities.

The farms to be purchased with the proceeds of this bond issue are Caledonia farms, Numbers 1 and 2. A little over \$64,000 will be required for the business.

There is now two per cent. interest due on the bonds, before they are issued, as the act requires that they shall be dated January 1, 1899.

## STILL MORE SPLENIC FEVER.

Another herd of cattle sick with splenic fever was yesterday reported to the Agricultural Department.

On the plantation of Mr. R. H. Battle, near Method, Mr. J. H. Morgan, a tenant, has several sick cows. It is expected that some of them will die today. Dr. Curdick, the State veterinarian, will go out there this morning and render what assistance he can to ward checking the disease or preventing its further spread.

This makes the fourth herd that is now being destroyed in this country by this disease. It is also reported that there is a fifth herd dying from it near Wakefield, but the report is not confirmed.

Dr. Curdick yesterday afternoon returned from Saxapahaw, in Alamance county, where he went to examine Dr. Long's herd. He reports eight of his cows as already dead, and eight others seriously sick. He will probably lose his entire herd.

## THE A. AND N. C. RAILROAD.

The report of the expert machinist on the condition of the Atlantic and North Carolina railway's rolling-stock has been made to the Board of Internal Improvements, and is not favorable. Of the nine engines, two are third-class and two merely scrap. The plant is far from complete. As soon as the Democrats come into complete control of this road, September 1st, they will begin the construction of two branch lines—one to Snow Hill, the other to Trenton—and will apply themselves to improvement of the plant.

## DEATH.

Mrs. Duncan, wife of Revenue-Collector Carl Duncan, died at Beaufort at 3 o'clock yesterday morning; aged 38 years.

Deputy Revenue Collector Adams had a lively time Saturday after the moonshiners in Johnston county. He captured three illicit distilleries. Johnston is now acquiring quite an official reputation as a moonshine county. Over twenty-five illicit stills have been seized there during the past twelve months.

## BAR ASSOCIATION.

The many lawyers who attended the first meeting of the State Bar Association at Morehead City, are delighted with its success. They say it was the most notable gathering of the profession ever seen in this State.

The Sons of the Revolution have admitted to membership Alfred Moring, of Raleigh, who was born in 1814, and whose father was a soldier in the war of the Revolution. The latter was in the Virginia troops, and lived until 1840. The last years of his life were spent in Chatham county, N. C.

Raleigh and all the other progressive places will send delegates to the Good-Roads' Convention at Charlotte next week. Many counties and townships will be represented.

## THE CRAIG LAW AGAIN.

It is positively asserted by lawyers here that the odds are 99 to 1 that the United States courts will decide the Craig law, which requires "domestication" of "foreign corporations," unconstitutional, as it is for the avowed purpose of preventing transfers of cases to Federal courts. It is said that in some eighteen cases the United States Supreme Court has decided that this right cannot be abridged by any State. The Corporation Commission have called on the railways for the annual reports.

## TO REGAIN ITS FOOTING.

The case in which the Seaboard Air Line seeks to regain its footing in the \$20,000 damage suit for the burning of an ice factory here is postponed until July 25th, when Judge Brown will hear it in chambers at Oxford. This is the case in which the ice company claims that the railway has forfeited its right of appeal because the latter's lawyers failed to file the appeal in time.

A negro lawyer in the Mayor's Court yesterday slapped a negro woman, a witness, in the face, and created a great sensation. He was fined \$10 for contempt of court and \$25 for assault, and appealed.

Doctors Can't  
Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disappointed, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S., and began to improve. I continued the medicine, and it cured me completely, building up my health and increasing my appetite. Although this was ten years ago, I have never yet had a sign of the disease to return.

It is like self-destruction to continue to take potash and mercury; besides totally destroying the digestion, they dry up the marrow in the bones, producing a stiffness and swelling of the joints, causing the hair to fall out, and completely wrecking the system.

The Misses Bell  
Complexion and Hair Specialists.

The brilliant complexions of women in the more exclusive circles of New York society are not explained by the theory that associates beauty and idleness. In fact, many leaders of the world of fashion are hard workers. Yet they keep their good looks even when they are old. How do they manage it? THE MISSES BELL, of 73 Fifth Avenue, New York, themselves connected with some of the most noted and honored families in the metropolis, have answered the question. They have prepared for the use of women in general, five preparations for improving the complexion and the hair.

## Five Toilet Treasures.

**The Misses BELL'S COMPLEXION TONIC**

is an external application, the presence of which on the face cannot be detected. It is perfectly harmless even to the most delicate skin. It is a sure and quick cure for all roughness and eruptions. It acts on the skin as a tonic, producing a naturally pure complexion. Cosmetics merely hide blemishes. The Tonic gets rid of them.

It removes pimples, freckles, blackheads, moths patches, liver spots, eczema, redness, oiliness and all discolorations and imperfections of the skin. Price, \$1 a bottle.

**The Misses BELL'S COMPLEXION SOAP**

is made from the pure oil of lamb's wool. It is healing and gratifying to the skin, keeping it at all times in a clean and healthy state. This Soap is daintily scented, and is a most welcome aid to the toilet of fastidious women. The utmost care is taken in selecting materials and scrupulous cleanliness in the laboratory insures the purity of the product. Price, 2 cents per cake, large four-ounce size.

**The Misses BELL'S HAIR TONIC**

cures dandruff and prevents any return of it; stops that maddening itching of the scalp and makes the hair strong, soft and lustrous. It is especially helpful to persons whose hair is thin, dry and liable to fall out. The tonic cleanses the skin about the roots of the hair; will soon cover bald spots with a handsome growth. Price, \$1 a bottle.

**The Misses BELL'S CAPILLA-RENOVA**

for restoring prematurely gray locks to their original color. It is not a dye, nor a stain. It is a color less liquid that is applied to the roots of the hair and leaves no telltale signs on the scalp or forehead.

Neither does it change the color of the hair all at once. Only dyes do that, and they wash off. But Capilla-Renova will not wash off. Price, \$1.00 per bottle.

**The Misses BELL'S SKIN FOOD**

is a soft, creamy, exquisitely perfumed ointment, which helps the action of the Tonic, and, in mild cases of roughness, redness, pimples, etc., is a cure in itself. It cleans the pores of the skin of all impurities and feeds it by building up the texture and making the skin beneath it solid and firm. Price, 75 cents per jar.
